"GMCV 2030" - MISSION STATEMENT

Manufacturing plays a vital role in India's future Economic Growth. Manufacturing will be unquestionably a very different Enterprise in 2030 from what it is today. A critical step in preparing a sustainable future must be guided by a clear vision and an understanding of fundamental challenges.

GMCV 2030 - Global Manufacturing Cluster Vision 2030 conference is an effort to provide a platform to bring out the leaders from Indian manufacturing industries to discuss diverse issues of the manufacturing industries amidst South India's largest engineering exposition - **INTEC 2019**, Organised by the country's foremost Entrepreneur Association "**CODISSIA**" which has strived in making this region one of the most successful industrial belt. This conference also salutes the spirit of this "**Manchester of South India**" which has thrived to become country's second largest auto component manufacturing hub.

INTEC 2019 strives to bring best in class speakers and audiences in association with its Knowledge & Research Partner "**Texas Ventures**" to provide an opportunity to share their concerns.

GMCV 2030 will also explore topics such as how to be a market contender in global market and equip CEOs with leadership skills.
