## ABOUT SPORTECH

The Sports Industry in India comprises of apparels, sports nutrition, sports equipment, etc., which is likely to grow five times to reach a market value of \$100 billion by 2027 from \$27 billion in 2020. The Indian Sport apparel market was worth \$14 billion in 2020 and is estimated to grow to \$21 billion by 2023, largely growing on the back of menswear products. India's domestic Sportech market is dominated by the Sports Footwear Components category which covers more than three-fourths of the segment's market share. The Global sports and active wear Market is growing at a CAGR of >5.0% during FY 2019-2023 and is projected to reach US\$149 Billion by 2023, which will help Indian Sportech industry to grow rapidly in coming years.

## ABOUT ORGAINERS

**The Indian Technical Textile Association (ITTA)** is the only association of the Technical Textile Industry in India covering all 13 segments, including Composites. The office of the Textile Commissioner, MoT, GoI facilitated the formation of ITTA in January 2010. The objective of ITTA is to promote, support, develop and increase the production, consumption, and export of technical textiles to make India a powerhouse of technical textiles in the days to come. ITTA has nearly 400 members, including members from EU & Japan and representing the entire technical textile value chain from raw material to finished goods producers, machinery manufacturers, consultants, centers of excellence and R&D/Academic institutions. Under NTTM approved R&D Projects, number of ITTA members have become partner to various COEs and Research Institutes.

**The Wool Research Association (WRA) and WRA's COE - Sportech** - WRA was established in the year 1963 by the Woollen Textile Industry in close association with the union government of India. Under Ministry of Textiles Technology Mission in Technical Textiles, WRA has set up a Centre of Excellence in Sportech, to become a world class leading service driven and research based international technical textile association to serve the textile industry in general and Sportech sector in particular. A state of art testing facility and incubation centre has been established and simultaneous efforts have been made to attain international accreditations and collaborations. WRA has been serving user industry through its wide testing facilities and development of affordable products in India without compromising functionality and performance of our athletes. Wool Research Association's COE-Sportech has taken up for market survey of Sportech segment in current Financial Year.
